Bibliography of Buddhist Economics

The following bibliography collects important titles in the intersection of Buddhism, ethics, psychology and economics. It represents a body of knowledge which can serve as a good background for exploring and developing Buddhist economics scholarship.

Dixon, F. 2003: ”Total Corporate Responsibility; Achieving Sustainability and Real Prosperity”. In: Ethical Corporation Magazine, December.

Tideman, S. (ed.) 2002: *Compassion or Competition – Dialogues on Business and Economics with His Holiness the Dalai Lama*.
